10FT SITE OFFICE

SCF's 10ft site office is the ideal solution for space constrained sites. Successfully manage your project in comfort.

Details

SCF Site Offices come with superior Rockwool insulation so you can make important decisions in peace and comfort. A split system reverse cycle air conditioner ensures temperature is steady in hot and cold environments too.

All units are built with a strong focus on safety and security including internal and external lighting and windows with fly screens and security mesh. The units are construction compliant with all Australian standards and the National Construction Code 2013.

Our construction range thrives in harsh environments. Built from steel (including steel doors) with high quality fittings, our units are designed to last so you can get on with your work.

Key Features

- Built in desk
- Reverse cycle split system air conditioner
- Steel PA door with lockbox
- Windows with flyscreen and security mesh
- Rockwool insulation
- External lighting
